Definition of Essential Businesses and Operations and Business Loans Available

DEFINITION OF ESSENTIAL BUSINESSES AND OPERATIONS (partial)
“Essential Businesses and Operations” are encouraged to remain open and are broadly defined by the State of Illinois as:

Critical trades, including but not limited to: plumbers; electricians; exterminators; cleaning and janitorial staff for commercial and governmental properties; security staff; operating engineers; HVAC; painting; moving and relocation services; and other service providers that maintain safety, sanitation...

Business Loans Available

Illinois businesses have a growing number of resources and relief programs to turn to, including Governor Pritzker's new \$90+ million [emergency assistance for Illinois small businesses](#), funding from the government, protection from eviction and business loan deferment.

The FDIC is encouraging banks to work with customers to provide coronavirus-related assistance, related to both personal and business finances.
